Benefits of Effective Communication

COMMUNICATION

Exchange of ideas, feelings, and information by speaking, writing, symbolically, or by behaviour.

"Communication is not about speaking what we think. Communication is about ensuring others hear what we mean."

- Simon Sinek

WORKPLACE

Physical, concrete thing, that is tangible, and holds people, relationships, and goals.

Workplace communication involves speaking, listening, and observing, plus the ability to understand verbal and nonverbal meanings in the communication process.

"To effectively communicate, we must realize that we are all different in the way we perceive the world and use this understanding as a guide to our communication with others."

– Tony Robbins

TYPES OF COMMUNICATION AT WORKPLACE

Formal

- Communication through officially designated channels of message flow.
- Official information exchange.
- Found in organizational charts, policy manuals, hierarchical structures.

Informal

- Episodes of interaction that don't reflect officially designated channels of communication.
- Inherent, necessary aspect of organization life.
- Creates a relaxed, comfortable environment.

COMMUNICATION PROCESS AT WORKPLACE

Workplace success depends on the ability to communicate with others.

Developing targeted messages, motivating workers, creating messages that lead to success

Effective workplace communication skills are simply assumed to be picked up by every worker along the way

"Effective teamwork begins and ends with communication."

– Mike Krzyzewski
